

BOARD OF TRUSTEES OF THE MIDDLESEX COUNTY COLLEGE

Minutes of November 1, 1971 Meeting

The annual organizational meeting of the Board of Trustees of the Middlesex County College was held at 7:45 p. m. , November 1, 1971, in the Board Room on the College campus. Members present were Mrs. Carman, and Messrs. Brady, Clancy, Feakes, Klegman, L'Hommedieu, and Marchitto. Messrs. Rowland and Venezia were absent. Also present were President Chambers, Mr. Hoffman, Mrs. Lake and other visitors.

The annual meeting, as required by law on the first Monday of November, was called to order by Chairman L'Hommedieu.

Mrs. Carman, Chairman of the Nominating Committee, presented the following slate of officers for the ensuing year:

- Mr. Paige D. L'Hommedieu - Chairman
- Mr. G. Nicholas Venezia - Vice Chairman
- Mr. Joseph Klegman - Secretary
- Mr. L. Russell Feakes - Treasurer

Dr. Brady moved, seconded by Mr. Marchitto, that in the absence of any other nominations, the nominations be closed, and the Secretary instructed to cast a ballot in unanimous election of the nominees. After discussion, the motion was unanimously carried.

Mr. L'Hommedieu thanked the Board for their continued expression of confidence and support. He expressed concern with the problem of speedy and accurate communication to the faculty through the framework of the Union. Mr. L'Hommedieu feels this is also true with respect to the students; at times he has the impression that the philosophy, objectives and purposes for the dedication of the Board of Trustees in doing a good job does not get through to the students.

Mr. L'Hommedieu said that Mr. Venezia was unable to be present since he had to go to Washington, but he knows that he speaks for Mr. Venezia in saying that he will do the very best he can to justify the confidence placed in him.

Dr. Chambers said that Mr. L'Hommedieu's point about faculty not receiving communications with respect to working conditions is well taken but he does feel that faculty are well informed about the educational program and the philosophy of the college. With respect to communication with students, Dr. Chambers feels that Quo Vadis is not a document that is documentary since it reflects students' opinions. Sometimes they are well informed, and at other times they lack quite a bit of information. At times students, like other citizens, don't seem to want to listen.

Mr. Feakes said that his official term expired yesterday, October 31, and that he is not available for reappointment because of residence; however, under the law, he can carry over until the Freeholders appoint his official spot. In the meantime, he is very happy to continue to fulfill the responsibility of the office until the Freeholders take action.

Mr. Klegman said that serving as secretary is going to be an exciting experience and he appreciates the vote of confidence.

Mrs. Carman moved, seconded by Mr. Marchitto, the nomination of Mr. L. Russell Feakes and Mrs. Lillian Carman as members of the Board of School Estimate, representing the Board of Trustees.

Dr. Brady moved, seconded by Mr. Klegman, that in the absence of any other nominations, the nominations be closed and the Secretary instructed to cast a ballot in unanimous election of the nominees. After discussion, the motion was unanimously carried.

Mr. Marchitto moved, seconded by Mr. Klegman, that Counsel for the Board of Trustees be designated as the firm of Wilentz, Goldman and Spitzer. After discussion, the motion was unanimously carried.

Mr. Klegman moved, seconded by Mr. Marchitto, that the official newspapers for the College be designated as "The Daily Home News" of New Brunswick, New Jersey; and "The News Tribune" of Woodbridge, New Jersey. After discussion, the motion was unanimously carried.

Mr. Feakes moved, seconded by Mr. Klegman, that Mr. Lloyd A. Cestare of the firm of Lipman, Cestare & Harris of Perth Amboy, New Jersey, be reappointed as auditor for the College for the fiscal year 1971-72; and that the scope of the audit include all College accounts, Faculty-Student Association, Inc., and the Middlesex County College Foundation, Inc., for which the Board of Trustees has responsibility. After discussion, the motion was unanimously carried.

Mr. Feakes moved, seconded by Mr. Marchitto, that the following banks be designated as official depositories for College funds:

First Bank of Colonia, Colonia, New Jersey  
The Peoples National Bank of Central Jersey, Piscataway, New Jersey  
The National State Bank, Elizabeth, New Jersey  
The Edison Bank, Edison, New Jersey  
Raritan Valley National Bank, Edison, New Jersey

After discussion, the motion was unanimously carried.

Mr. Marchitto moved, seconded by Mr. Clancy, that all existing policies of the Board of Trustees be reaffirmed. After discussion, the motion was unanimously carried.

Mr. Feakes reported, with respect to the recommendation of the Auditor that dormant balances in the Foundation Restricted Fund be reviewed, that Dean Walsh has reviewed and brought detail up to date, and a number were actually implemented in this current semester. As a result, only one of about ten restricted scholarships is not being used at this time.

FACILITIES AND EQUIPMENT COMMITTEE

Mr. Venezia moved, seconded by Mr. Clancy, that a contract for furnishing two Olivetti "Programma" machines for the Mathematics Department be awarded to the Olivetti Corporation of America, Mountainside, New Jersey, at its bid price of \$3,692.60, said amount representing the lowest price for said machines among five bids received on October 18, 1971. (Additional machines, not replacements.) After discussion, the motion was unanimously carried.

DeLaplaine, Inc., for electrical work on the College Center building; said amount to provide for the relocation of five duplex receptacles in Room 124 and eight new floor outlets in the Bookstore. After discussion, the motion was unanimously carried.

Mr. Clancy moved, seconded by Mrs. Carman, that the following construction progress payments, approved by the Architect and the College Engineer, be approved:

a) James H. DeLaplaine, Inc.

Payment #9 for electrical work on the  
College Center building \$76,293.00

(Total contract amount plus Change Orders to date, \$547,279.84; paid prior to November 16, 1971, \$138,539.70; payment authorized above, \$76,293.00; balance to finish, \$332,447.14.)

b) Sarbo, Inc.

Payment #4 for HVAC on the  
College Center building \$112,770.00

(Total contract amount, \$499,500.; paid prior to November 16, 1971, \$125,370.; payment authorized above, \$112,770.; balance to finish, \$261,360.)

c) Donald C. Rodner, Inc.

Payment #10 for plumbing work on the  
College Center building \$5,104.80

(Total contract amount, \$121,114.00; paid prior to November 16, 1971, \$77,340.60; payment authorized above, \$5,104.80; balance to finish, \$38,668.60.)

d) Rule Construction Co., Inc.  
Payment #13 for General Construction on  
the College Center building \$148,716.00

(Total contract amount including Change Orders, \$2,387,547.00;  
paid prior to November 16, 1971, \$1,131,047.00; payment

payment authorized above, \$1,098.00; balance to finish,  
\$29,402.00.)

After discussion, the motion was unanimously carried.

Mr. Clancy moved, seconded by Mr. Klegman, that the action of  
the Board on September 29, 1971, in awarding a contract in the amount  
of \$5,840.17 for furnishing two trucks to the Maintenance Department to  
Briggs Chevrolet of South Amboy, New Jersey, be rescinded, on the ground  
that Briggs Chevrolet has proven that there was "an honest error" in its  
bid; and that the contract be awarded instead to the second lowest bidder,  
Metuchen International Sales Company of Metuchen, New Jersey, in the  
amount of \$6,134.00. After discussion, the motion was unanimously  
carried.

Mr. Feakes moved, seconded by Mr. Clancy, that contracts for

the College Engineer be authorized to have test borings made in the area in  
which the Learning Resource Center is to be located, at a cost not to exceed  
\$2,400.00.

Explanatory Note: The only test borings we have made in the area involved are the very few made at the time testing was done for the College Center. The Architect and the College Engineer are not satisfied at the present time that they have enough data to accurately determine the bearing qualities of the area involved. Sealed quotations will be solicited before a contract is awarded. Funds for this purpose were included in the budget for the building.

After discussion, the motion was unanimously carried.

The report of the College Engineer for October 1971 was noted.

Dean Walsh reported the following:

The closing with the Educational Facilities Authority, conveying the site of the parking project, was held on November 5. Contractors have been duly notified.

EMPLOYEE RELATIONS COMMITTEE

Mr. Venezia reported that everybody, including MCC, has been troubled with policies and regulations coming out of Washington on the new wage freeze, Phase II. However, the administration has been attempting to keep faculty and the Union apprised of every new situation that comes up. The Trustees would like to pay the negotiated raise and have taken every possible step to do so. On November 15 Dean Walsh had the following statement attached to the paychecks of every member of the faculty bargaining unit:

"This paycheck, and the one which will be delivered to you on November 30, were prepared on November 10, pursuant to our usual payroll practice. Because no specific information on Phase II of the President's economic policies was available on that date, no "post-freeze" adjustment has been made. However, please be assured that the maximum allowable increase pursuant to the new guidelines and our current collective bargaining agreement will be included in your December check, retroactive to the earliest possible date. Amounts due on December 15 and December 30 will be paid in one lump sum on December 15."

On November 11 a joint letter by Dean Walsh and Mr. Gralla, President of Local 1940, AFT, was directed to Mr. George H. Boldt, Chairman of the Federal Pay Board in Washington as follows:

"There is in existence between the Board of Trustees of Middlesex County College and Local 1940, AFT (AFL-CIO) a collective bargaining agreement executed on October 5, 1971, covering the period from July 1, 1971 to June 30, 1972.

"Article XI of said agreement provides that 'This agreement shall be effective as of July 1, 1971, and shall continue in effect until June 30, 1972.' Article IX-B, a copy of which is attached, specifically provides for retroactive payment of salary increases.

"Our interpretation of the 'Phase 2' regulations is that we may pay the new rates established by Article IX-B of the agreement effective November 15. Said new rates average 8.44% more than rates in effect during the previous year. We would like your official concurrence in this interpretation.

"In addition, we are requesting official approval of the payment of the new rates retroactive to July 1. There are two grounds on which we believe this is warranted; first, our prior agreement expired prior to August 15, 1971, and retroactivity was specifically agreed to by the parties in the new one; and second, tuition rates were increased by the Board of Trustees in January, 1971, in anticipation of increased operating costs, which include salaries.

"A prompt reply will be appreciated."

Mr. Venezia also reported the following communication received from Internal Revenue Service, Norman R. Groves, O. E. P. Supervisor, dated November 12, 1971:

"Reference is made to your letter of October 29, 1971 regarding increased salary due to promotions.

"information available discloses bona fide promotions from one academic rank to another are permitted during the freeze per E. S. P. guideline 4.1501.

"The promotion while allowable the salary would depend upon contract and salary scale effective August 15, 1971 for each of the teachers involved."

Mr. Venezia personally interprets the preceding letter to mean the promotion can be given at the old contract rate. When new rates come into effect, they may then be given under the rates in the new contract.

Mr. Venezia understands there are demands for a new contract being presented. Inasmuch as wage increases will be restricted according to Government regulations for awhile, he looks forward to many demands on other items, and the next contract may be more time consuming.

#### STUDENT AND ALUMNI AFFAIRS COMMITTEE

Mr. Klegman reported that the Alumni Association is planning its first open invitation to all graduates of MCC and those who have been in attendance for one year. Members of the administration and Board will be asked to participate in the program. A further report will be made as plans progress as to what the evening will be.

Mr. Klegman introduced a proposed functional statement for the Employee Relations Committee in the By-Laws.

Mr. Klegman moved, seconded by Mr. Venezia, that the first reading of the following amendment to the By-Laws be made at this time for final approval subject to what editing may be necessary at the next meeting of the Board of Trustees:

EMPLOYEES RELATIONS COMMITTEE. The Committee shall

- (1) provide liaison, through the President, with employees of the College with respect to salaries, working conditions, and grievance procedures;
- (2) review and recommend agreements entered into

with employees that govern salaries, working conditions, and grievance procedures; (3) receive complaints or grievances from employees with respect to salaries, working conditions, and grievance procedures, and recommend disposition of such cases to the Board after exhaustion of administrative remedies; (4) recommend or present to the Board matters relating to salaries, working conditions, and grievance procedures of employees which the Committee deems appropriate for consideration by the Board of Trustees, handle all other labor relations matters which the Board shall designate.

Mrs. Lake was instructed to send a copy of the proposed amendment of the By-Laws, as sponsored by Mr. Klegman on November 16, 1971, to each Trustee at least three days prior to the next meeting of the Board of Trustees.

#### PRESIDENT'S REPORT

Dr. Chambers reported that the 52nd Annual Convention of the American Association of Junior Colleges will be held from February 27 to March 2, 1972 at the Fairmont Hotel, Dallas, Texas. President Chambers will make the appropriate arrangements if any Trustees would care to attend.

Mr. L'Hommedieu noted the United Fund drive on campus has reached 82% of quota and said the staff, faculty and students deserve a vote of thanks.

Mr. L'Hommedieu announced that Mr. Clancy has agreed to take on the Trustee responsibility at the monthly meetings of the Council of County Colleges.

Dr. Chambers reported on the meeting of the Council of County Colleges attended by Mr. Clancy and himself on November 15. There is continuing trouble with respect to the provision of the State's share of minor capital. The President of the Council was instructed to appear before the State Board of Higher Education on November 19 and ask for the full amount of the State share--approximately \$6,000,000. The colleges had no prior knowledge of a reduction of the \$6 million requested and assumed the Board of Higher Education was going to pass the full amount. The topic of tenure was discussed, and the pros and cons of extending the probationary period for

non-tenured teachers from three to five years. New legislation to extend the probationary period prior to tenure may be introduced by the Department of Higher Education in this next legislative session.

Mr. L'Hommedieu said that one of the most important things that must be done is to initiate, cultivate and maintain deep community participation. The College wants everybody to know what it is doing and wants to do it in a skilled fashion, with advice of a knowledgeable kind. From the very beginning the college has set up advisory committees. Under the By-Laws the advisory committees are appointed for two years. They are appointed by the Chairman upon the recommendation of those qualified to recommend the committee through the President. At Dr. Chambers' suggestion, the advisory committees will be appointed on or about the time of the Annual Meeting, thus avoiding scattered dates of appointment throughout the year. Therefore, with the power vested in him, Mr. L'Hommedieu appointed advisory committees to the College as per the attached lists. Appropriate letters of appointment will be sent.

The next regular meeting of the Board of Trustees will be held on December 21, 1971, at 7:45 p. m. , in the Board Room, Center I, on the College campus.

There being no further business, the meeting was adjourned at 10:04 p. m.

PHYSICS 311 - QUANTUM MECHANICS

1. The wave function  $\psi(x)$  is a complex-valued function of position  $x$ . It is normalized so that the total probability of finding the particle somewhere is 1.

2. The probability density of finding the particle at position  $x$  is given by  $|\psi(x)|^2$ .

3. The expectation value of an observable  $A$  is given by  $\langle A \rangle = \int \psi^* A \psi dx$ .

4. The uncertainty principle states that the product of the uncertainties in position and momentum is bounded below by  $\hbar/2$ .

5. The Schrödinger equation is a partial differential equation that governs the time evolution of the wave function.

6. The energy eigenvalues of a system are the values of energy for which stationary wave functions exist.

7. The wave function of a system can be expanded in terms of the energy eigenfunctions.

8. The time evolution of the wave function is determined by the Schrödinger equation.

9. The probability of finding the system in a particular energy eigenstate is given by the square of the magnitude of the corresponding expansion coefficient.

10. The expectation value of the energy is given by the weighted average of the energy eigenvalues.

11. The uncertainty in the energy is given by the standard deviation of the energy eigenvalues.

12. The wave function of a system can be used to calculate the expectation values of any observable.

13. The time evolution of the expectation values of the position and momentum operators is given by the Ehrenfest theorem.

14. The wave function of a system can be used to calculate the probability of finding the system in a particular state.

15. The wave function of a system can be used to calculate the probability of finding the system in a particular energy eigenstate.

16. The wave function of a system can be used to calculate the probability of finding the system in a particular position.

17. The wave function of a system can be used to calculate the probability of finding the system in a particular momentum state.
